

Ways to Help the Community Foundation Grow

Create opportunities to introduce the Foundation to people you know face-to-face:

1. Call and arrange a visit with them, their spouse, yourself, and/or Bill or Angie.
2. Write a note to your contacts about what's going on at the Foundation.
3. Arrange a visit for someone else, i.e. Angie or another Board member.
4. When seeing them at another event, set an appointment to visit with them.
5. Arrange a presentation to people with whom you have a good relationship that would benefit by knowing about the Foundation, i.e. your professional advisors, your charitably inclined friends, your organizations, your business associates, etc.

Other ways to help:

6. Arrange presentations to not-for-profit organizations, churches, etc.
7. Agree to serve as a host for a "coffee" for small groups.
8. Offer to start an endowment fund for your favorite organization or encourage others to do so.
9. Distribute or place Goessel Community Foundation print materials in key places.
10. Attend and get others to attend Community Foundation events such as grant seminars, professional advisors breakfasts, annual report meeting, etc.
11. Attend a training event: Become more knowledgeable about Foundations.
12. Be on the lookout for potential donors who might be at a good time in their life to explore giving – milestone moments. Make connections to other board members or CKCF staff.
