THE MISSION of the Central Kansas Community Foundation is to encourage philanthropy, strengthen communities and improve the quality of life for residents in Central Kansas communities.

OUR VISION is to be the leader in philanthropy in the communities we serve, connecting donors with meaningful programs and causes, strengthening charitable organizations, providing leadership on local and regional issues and building permanent community resources.

A YEAR IN REVIEW

“A small group of thoughtful people could change the world. Indeed, it's the only thing that ever has.”

Margaret Mead

This quote has been a favorite of mine for years.

The continued success of the Central Kansas Community Foundation and our expanded role as a “host foundation” to more than ten community foundations across Central Kansas, proves the point beyond a doubt. Small groups of thoughtful people are, indeed, changing their world.

Small groups of thoughtful people - the CKCF staff, our board of directors, advisory board members in our affiliate communities, the Women's Community Fund, generous donors, non-profit organizations - are all dedicating themselves to serving the greater good of their communities.

Generous with both their time and personal resources, they are leading by example and proactively starting the dialogue in their communities about the importance of giving something back, particularly through wills, trusts, and estate planning.

And it works! In spite of a faltering economy, or perhaps because of it, more people across Central Kansas recognize that the needs have never been greater. They believe, rightfully so, that they can make a difference.

For example, the secretary who left \$600,000+ for the charitable needs of children across Central Kansas; a retired teacher who gifted \$400,000+ to insure that children's health and wellness would continue to be a priority in her community; the nurse who created a \$250,000 endowed scholarship fund so that others could pursue the career she dedicated her life to; the siblings who created a family tradition of gifting money to a scholarship fund to honor their parents. Our donor stories are endless, and each one illustrates the power of individuals who make the decision to leave their world a better place.

You will find a few of these stories in the pages of this year's annual report, along with an update on the progress of each of our affiliate partners.

Thank you to the many “small groups of thoughtful people” who work in partnership with the Central Kansas Community Foundation!

Sandra Fruit

Sandra Fruit, Executive Director
Central Kansas Community Foundation

CHAIRMAN'S MESSAGE

“Building a tradition of giving” is a powerful theme. We see the concept in action every day in our communities. Neighbors are helping neighbors, giving of their time, talents and treasures.

Never before has helping one another been so important, and giving thoughtful consideration for the future of our communities been so significant. We live in a time when our government is limiting availability to programs that provide education, food and healthcare benefits to children, low-income families and senior citizens; making the availability of vital resources challenging.

The Transfer of Wealth study produced statistics that illustrate by the year 2020, nearly \$2.2 Billion may transfer out of central Kansas communities and more than \$66 Billion may transfer out of the state of Kansas. These numbers are staggering when one ponders the impact this can and will have on all aspects of human existence in our communities.

If the Community Foundation were to capture just 5 percent of this transfer of wealth, \$107 Million could be used for charitable causes over the next eight years. The possibilities for creating a healthy, self-sustaining and progressive community are endless.

Wealth is not a requirement for providing for the betterment of your community. A modest gift of 5 percent to an existing fund with the Foundation could fund programs through charitable organizations in perpetuity. Build your own tradition of giving by joining our efforts – let's strengthen Central Kansas communities together.

Bill Hake, Chairman
Central Kansas Community Foundation

ESTABLISHING LASTING GIFTS

EVERY ONCE IN A WHILE an incredibly generous soul establishes a gift with the Foundation that will give long after they are gone - a gift that will provide healthcare to a community, protection and shelter for women and children who are abused, food and basic necessities for children without and in general, hope for a better life.

Marie Haun and Marga Ebel are two such individuals whose generosity will be realized by the first gifts to their communities in this year. Each of them with different experiences, inspired by the individuals they served in their life, were moved to make a difference. Careful planning allowed them to fulfill their desires to continue to serve these people once they were gone. The resources they will provide by means of their endowments will serve to strengthen families of children with disabilities and enable children to have access to health education.

L. MARIE HAUN

A TRADITION OF STRENGTHENING FAMILIES. Born Lena Marie Hood to Homer and Marguerite (Mead) Hood in Carmen, Oklahoma, on March 8, 1922, Marie exhibited an early interest in educating children and later specialized in providing for children with mental health issues.

During her childhood, Marie moved with her parents and sister Dorothy from Carmen to Missouri, Wyoming, and back to Oklahoma. Marie graduated from high school in Carmen and then earned a baccalaureate degree that prepared her for teaching. She taught business at the Whitewater High School just before she met her future husband, Paul Haun. They married on December 23, 1948 and had one son, Larry Kent, in 1950.

Marie began her career as a teacher at Whitewater High School and clearly had a love for children. Throughout her professional life, she held several secretarial positions including a 26-year career as the secretary to the Dean of the College of Health Professions at Wichita State University. Retiring in 2000 at the age of 78, Haun was no stranger to hard work.

At the age of 89, Marie passed away in March 2011, leaving behind a legacy, a tradition of providing for families in the interest of children. Her gift in the amount of \$622,000 to the Foundation established the “Lena Marie Haun Charitable Fund for Children”. The earnings on the fund, expected to generate more than \$30,000 annually will support child welfare issues, behavioral research, parenting skills education and will serve to strengthen families.

A competitive grant cycle for these funds will be open to organizations providing children’s services in Central Kansas. The first opportunity to apply will be in 2013.

MARGA EBEL

THE GIFT OF HEALTH. Marga Ebel loved children. She began her career as a teacher in Rose Hill, Kansas. After a satisfying career in the traditional educational system, Marga found a lasting home with Logopedics, now operating as Heartspring, in Wichita.

There she felt joy working with children with special needs and through her career experienced first-hand how a lack of resources to support the health and growth needs of a child can impact their development.

Marga is described not as a wealthy woman, but a woman who took a great deal of care with regard to what she did have. She was an ordinary person with the capability of giving an extraordinary gift.

When she died in August of 2009 in Hillsboro, Kansas, Marga left behind a legacy that would impact the Hillsboro community in perpetuity. With hard work and planning, she gifted the children of Hillsboro with a \$360,000 endowment, the “Marga Ebel Health Fund”. They will now have a greater opportunity to access the likes of immunizations, WIC nutrition, healthy start programs and childcare licensing through the Marion County Health Department, a school nurse, student dental health coordination through the USD 410 and early childhood services through the Comprehensive Early Childhood Health Initiative.

“This generous gift to USD 410 from the HCF and the Marga Ebel fund will provide for the services necessary for enhanced health and wellness for children and their homes, schools, and communities,”

- Superintendent Steve Noble, USD 410
Hillsboro School District

CREATE YOUR OWN TRADITION OF GIVING

CURRENT GIFTS. The most common way to make an immediate gift is by writing a check. This type of cash gift provides immediate liquidity for charity and generates a charitable income tax deduction for the donor in the year of the gift. You can also give stocks, bonds, real estate and gifts of personal property such as artwork, books and antiques.

PLANNED GIFTS. Next to writing a check, perhaps the best known vehicle for philanthropy is the bequest. A bequest establishes your wishes today without relinquishing needed assets during your lifetime. Bequests can transfer a specific asset or dollar amount, or a percent of your estate after taxes.

10-K CLUB. The 10K Club offers you a way to create a \$10,000 endowment to benefit your favorite charity(ies). Each year, members of the 10K Club contribute \$1,000 to their endowment fund. When the fund reaches \$10,000, the donors can choose to create a donor advised fund and make recommendations each year for the distribution of income to their favorite charities.

INCOME GENERATING.

The Gift Annuity is a great example of how a gift generates income for the donor. This is actually a contract between a donor and a charity that is part gift and part annuity. In addition to the annuity payment, the donor receives a charitable tax deduction and a portion of each annuity payment may be tax-free.

The most versatile charitable giving tool, the Charitable Remainder Trust, can bypass capital gains tax on the sale of highly appreciated assets, generate an increase in income, provide a charitable income tax deduction and fulfill your charitable objectives.

ENDOWMENTS. An endowment provides permanent support for charitable causes. The balance in these funds is invested, earning income that is then spent to support charitable works in perpetuity. The foundation's pooled investment can be used to generate interest. Interest earned can be gifted while the assets remain invested with the donor's personal financial advisor.

GRANTMAKING: A TRADITION OF GIVING

THE REWARD OF GIVING forever impresses its goodness upon the soul of the giver and inspires the human condition. Each year, as the hard work of the Foundation staff comes to fruition, they have the distinct honor of distributing earnings on endowments as donors intended. These gifts, in the form of grants, often provide enough resources for an organization to operate for a calendar year. Others provide additional capital for programs to expand to serve even more people.

In addition, two funds with the Foundation were designed to provide grants through a competitive cycle. The Women's Community Fund and Central Kansas Kids FUNd distributed \$34,289 in grants to chosen charities in 2011.

GRANTS - 2011

The Foundation and its affiliate partners made a significant contribution to its long tradition of charitable giving in 2011. Gifts to the Foundation generated more than \$494,345 for 240 charitable organizations in five counties, across the United States and internationally. These gifts will change lives because of the support provided to a diverse charity base. Lives changed in this tangible and meaningful way means these communities will be better educated, better provided for and sustainable.

COMPETITIVE GRANTS

KID'S FUND was created in 2005 as a way to ensure that children's programs in Newton would thrive. In 2011, grants in the amount of \$12,889 were awarded to seven charitable organizations with programs serving and meeting the needs of children, including the Summer Food Program, providing food for school-aged children during the summer; Burrton High School for the purchase of a baby simulator and the Bethel College Academy of Performing Arts for their music and dance programs. Grants to date have been supported through the Sand Creek Station Pro-Am Golf Tournament and private contributions from individuals.

WOMEN'S COMMUNITY FUND made significant changes in 2011, with the addition of a junior level and contributing membership in hopes of encouraging more women in Central Kansas to join the giving circle. The changes provide for several contribution and involvement levels. This year, with donations from its members, the circle of women were able to grant more than \$20,000 to charitable causes in Newton. If you would like more information on becoming a Women's Community Fund member, contact Sandi Fruit at 316-283-5474.

FOUNDATION FUNDS: A TRADITION OF GENEROSITY

IT IS THE FOUNDATION'S ROLE to connect donors with meaningful causes in their communities and encourage giving to charitable organizations that best reflect their ideals, experiences, interests and values. The Foundation, including its affiliate organizations, manages 225 funds. Each differs in its construction and interest, serving a diverse population, meeting a diverse need.

CHARITABLE FUNDS

A variety of donor-directed, discretionary and scholarship funds comprise the Foundation's complete list of funds. In 2011, 28 funds were added, bringing the total to 225 funds.

THE WELL'S TRUST

The late D. Bradford Wells and his wife Mary Jean shared a vision of what could be accomplished both through their charitable trust and a local community foundation.

The Wells family first established their charitable lead trust fifteen years ago. Brad, a local businessman and two-term mayor of Newton, was one of the original founders of the local healthcare foundation that eventually became an integral part of the Central Kansas Community Foundation. At the time he said, "I believe in this, I believe in its future and what we can accomplish if people work together."

Clearly, Brad Wells was a visionary man. In the fifteen years since its inception, the Wells Charitable Trust has distributed nearly a million dollars to non-profit organizations in Newton, Harvey County and beyond. 2011 saw the final distribution from this fund. We are especially proud to have been able to facilitate the gifts from the Well's Charitable Trust.

AFFILIATE PARTNERS

The Central Kansas Community Foundation affiliates are as unique as the communities they serve. Only by the means of the dedicated individuals serving their communities on their respective foundation's board of advisors can CKCF have the impact and presence it does in Central Kansas. They regularly monitor and assess the needs of their communities and encourage philanthropy as a means of meeting those needs, with a proven record of success.

NORTH NEWTON COMMUNITY FOUNDATION

EST. 2011

The idea of a Community Foundation in North Newton came up for discussion at our City Council meeting in early 2011. Soon thereafter, the City Council approved a "seed money" grant of \$5,000 to initiate the funding program, later designed as a dollar-for-dollar matching fundraising program. By early fall, the idea had gained sufficient motivation to lay the groundwork for election of officers. That was done with good community representations, including representatives from the City Council, Kidron Bethel Village, Bethel College and the community at large. The North Newton Community Foundation (NNCF) was legally established on December 7, 2011 with generous technical/administrative help from Sandi Fruit and John Torline.

Our first donation to the NNCF Impact Fund was from Sher Classen Neufeld, the City Clerk

of North Newton. Although she does not live in North Newton, she has been a very competent and dedicated employee of the city for several years. On the day of our formal establishment, December 7, she presented to the NNCF a check for \$5,000! - The first and to date the largest single donation to the NNCF. In 2011, she served as Vice-Chair of our Board.

Jim Goering, Bill Hake and Sandi Fruit gather to sign the North Newton Community Foundation affiliate agreement.

Building on a tradition of giving in North Newton, the NNCF Board has determined that funding priorities will relate to expansion of educational opportunities, cultural enrichment, improvement of human health and the physical environment.

Jim Goering, Chair

HILLSBORO COMMUNITY FOUNDATION

EST. 2004

One of the bright spots in Hillsboro's economic picture during 2011 has been the continued growth of the Hillsboro Community Foundation. Thanks to a variety of factors, the charitable funds managed by the foundation, which formally was launched only five years ago has hit the million dollar mark. The best news of all? Some \$28,000 in grants were awarded in 2011 to help set a variety of needs within the community.

In February, Hillsboro Community Foundation (HCF) awarded 14 area organizations and programs a total of \$12,000. In the fifth round of its Hillsboro Area Impact Fund grants.

In July a \$16,000 grant was awarded to USD 410 for the coordination and collaboration of health services. This grant was a direct result of the Marga Ebel Fund estate gift.

HCF also has accepted several other community-based funds to manage under its umbrella that were previously managed by USD 410. The are the John A. and Harriet Kizler Wiebe Fund and

FLORENCE COMMUNITY FOUNDATION

EST. 2011

The Florence Community Foundation was created in January of 2011 by several individuals who hope to make a difference in the community of Florence through the foundation. The first year the group received donations in the amount of \$17,000. We hope to be able to contribute to the growth of Florence in years to come. We received a \$10,000 donation from a community member and several other smaller donations. We have experienced support and had excellent learning opportunities through the Central Kansas Community Foundation. We look forward to 2012 with great anticipation.

The Florence Community Foundation is building a tradition of giving by granting funds to the local Pride Organization for beautification of Main Street through flowers and for a children's garden club. Our foundation completed our first year of existence with high hopes for the future. We look

forward to helping build a legacy of giving to improve the quality of life for our community.

CENTRAL KANSAS COMMUNITY FOUNDATION - BUTLER COUNTY

EST. 2010

2011 was a year dedicated to giving, growing and gratitude. More than \$65,000 in grants and scholarships were distributed in 2011.

To celebrate the **GIVING** an Award Banquet was held at Fulton Family Farms in Towanda on June 11. Over 120 participants attended this evening of recognition while reflecting on Butler County heritage with exhibits of old-time trades and wears, with additional entertainment that included the "Butler County Jail" fundraiser. **GROWING** in 2011 included over \$160,000 in contributions to a variety of new and existing funds. Because

of this, the GROW II goal was met by year-end reaping nearly \$70,000 in matching dollars to a public health fund, an unrestricted grantmaking fund, and an operational endowment. Finally, our third tradition - **GRATITUDE**. To our donors, supporters, recipients and community. Because of all of you we are fulfilling our mission to support charitable interests in Butler County.

A special sense of gratitude touched us close to home in 2011 when we lost a beloved friend and leader of our board - Wayne White. Before losing his battle to cancer he arranged with his wife to establish the Wayne White Endowment. It was an honor to establish this fund to fulfill his wishes and be a part of this ever-lasting legacy. The work we do is so personal, so important, so moving.

Learn more at www.ckcf-bc.org. We look forward to 2012!

GOESSEL COMMUNITY FOUNDATION

EST. 2011

2011 was a milestone year for the Goessel Community Foundation as it was the founding year. During 2011, the members of the affiliate board of advisors attended trainings, involved themselves in several cooperative and industry events and began to raise awareness for the foundation in the Goessel community.

The Goessel Community Foundation is building a tradition of giving by laying the foundation for charitable giving in the Goessel community.

HESSTON COMMUNITY FOUNDATION

EST. 2008

2011 was a busy year for the Hesston Community Foundation (HCF). The Foundation experienced significant progress which in turn earned it some impressive accomplishments. June of 2011 found the board and staff of Hesston Community Foundation hard at work behind the scenes planning strategies to bring about public awareness of the Foundation and its endowment building efforts. In September the Foundation launched a fund-raising/marketing campaign with a kick-off during Hesston's Coming Home weekend.

The Foundation announced at this time that HCF was awarded a \$400,000 challenge grant from the Kansas Health Foundation.

Natise Vogt, Principal & Foundation Chair and Sommer Smith (seated L-R) Ronda Rouz, Doug Trumble, John Blazek, Erik Lang sign the Walton Rural Life Center Charter School Foundation Affiliate Agreement.

WALTON RURAL LIFE CENTER CHARTER SCHOOL FOUNDATION

EST. 2011

During the 2011 year, the Walton Rural Life Center (WRFC) Foundation worked on raising funds for an addition to the school. The school has a waiting list for students to attend Kindergarten through the 2017 school year. There were 43 students on a waiting list to start Kindergarten for the 2012-2013 school year. To be able to accommodate all of these students it was decided that the school needed to add two rooms on to the current metal building behind the school.

The 2011 year, PBA architects were asked to work on some designs for additions to the school. They came up with Phases 1-6 adding a few rooms

on at a time. The initial phase of adding on two rooms was estimated at \$300,000. The WRLC Foundation then began looking at ways to raise the money to make the addition happen for the 2012-2013 school year. A sign showing the initial 3 phases was put up in front of the school to raise awareness and interest. The architects have created boards to share with potential donors to illustrate the plans and potential advertising for their benefit.

Fundraisers included sending mailers to all Walton school alumni, presentations to various civic groups, and publicizing the plans via internet, newspaper and word of mouth. The Harvey

County Farm Bureau gave a generous donation of \$10,000 to the foundation. Alumni have also given personal donations. Various agriculture businesses have been contacted about the opportunity to become a corporate sponsor of the school. To date, there has been interest and promises of donations, but nothing has materialized yet.

PEABODY COMMUNITY FOUNDATION

EST. 2000

2011 was an outstanding year for the Peabody Community Foundation (PCF). The total assets exceeded the \$500,000 level and will continue to grow in the future. Donations and matching funds from the Kansas Health Foundation received in 2012 are coming close to exceeding \$600,000, of which five percent will come back to the Peabody Community each year.

PCF is now in the middle of the Grow II campaign and when the campaign is completed in 2015 there will be over \$850,000 with the matching funds. This means that about \$42,500 will be allocated to the community each year in the future. About \$8,000 will be available for grants for

the community, \$4,500 will be for maintaining the Peabody community Foundation, and about \$30,000 will be allocated to organizations within the PCF.

The Peabody Community Foundation received an Estate Gift from Rosemary Litton, who grew up and attended school in Peabody, graduating from Peabody High School. Her gift of \$235,000 was an endowment to three organizations in Peabody. The Peabody Main Street, the Peabody Historical Society and the Peabody/Burns High School each received an endowment of one-third of the total gift. From the earnings the three will receive \$3,900 each year to help with their organizations. In addition, this donation created \$58,500 of matching funds from the Kansas Health Foundation for the GROW II Grant.

Building on a “Tradition of Giving” in Peabody

we are “Helping Today - Shaping Tomorrow” continue to be the goal for building a “Tradition of Giving” in the community.

HALSTEAD COMMUNITY FOUNDATION

EST. 2010

The Halstead Community Foundation was formed and affiliated with the Central Kansas Community Foundation in December 2010. Starting with just a few thousand dollars at the end of 2010, the Halstead Community Foundation grew to nearly \$200,000 by the end of 2011. The Halstead Community Foundation was a successful grantee of a \$300,000 GROW II grant from the Kansas Health Foundation in its first ever grant application.

During 2011, three dedicated funds were created: the Kansas Learning Center for Health Fund; the Roy E. Meyer Memorial Visual Arts Scholarship Fund; and the Elizabeth Rupp Lawson Scholarship Fund. Throughout 2011, initial and continuing contacts were made which have resulted in the creation of six additional funds subsequent to the end of 2011.

In its first full year of existence, the Halstead Community Foundation focused attention to fundamentals, communication and understanding so that it has a firm grasp of where it is headed and a plan for success. Year two promises to see

continued asset growth and greater community understanding, support and participation.

FRIENDS OF THE FOUNDATION: A TRADITION OF ENGAGEMENT

IT TAKES ONLY ONE INDIVIDUAL to make a difference.

Whether these generous individuals contributed to existing funds, established new funds or contributed to a fundraising campaign, they are engaged! They have their finger on the pulse of their community, understand the needs of their neighbors and take pride in strengthening the foundation of their hometown.

The Foundation extends its sincerest gratitude for their contribution to their chosen charitable organization.

DONORS

The hundreds of generous individuals and businesses listed have helped the foundation have a significant impact on the quality of life here. They represent the small group of thoughtful people changing the world, making a difference right here at home. It is the Foundation's commitment to ensure that the gifts given on behalf of these individuals are managed in a responsible way and that the distribution of grants is handled with the highest level of care in honor of our donors.

2011 FINANCIALS

THE HEALTH OF THE FOUNDATION is evident in the numbers that are represented in the 2011 audit. Thanks to the collective effort of all the individuals involved, including our donors, staff and volunteer board of directors, the Foundation experienced a year of outstanding growth, increasing not only the asset base, but the outreach service area as well.

2011 FINANCIAL STATEMENT
