Dear Corporate Community Partner,

Business sector support is an important component in growing a community, as you know. Your business is perfectly aligned to be a partner in support of the Central Kansas Community Foundation mission ~ *building stronger communities through charitable giving*. Aligned together we can better ensure long-lasting benefits for the people and the communities we serve.

As a business owner and potential partner, we want you to know a value we bring to the communities we serve is stewarding charitable gifts that stay local, making a difference right at home. Our work for building stronger communities benefits your business in a secondary manner. In fact, by supporting our community work which includes quality-of-life enhancements like the arts, parks and safe environments for youth; funding services for older adults, augmenting funding for thriving school districts and in general ensuring funds are available to support a strong social service and faith-related resource system, our work bolsters local business. Our mission is to make Central Kansas a place people want to live, raise a family and work – all of which provides benefit to your business through patronship and quality employee workmanship.

Central Kansas Community Foundation (CKCF) based in Newton, Kansas, is a host to 20 affiliates in six Central Kansas counties. The CKCF central office provides back-office support to each of those fifteen community and five non-community affiliates. Services include accounting, grant and scholarship management, investment management, marketing and communications, legal and compliance, donor relations and a variety of education and training components. We operate with revenue from a few unrestricted funds and two established operating endowments. In addition, each fund managed by the Foundation grants a small percentage to our operations.

To increase our impact while managing our growth, we kicked off a 2-year campaign in November 2018, seeking an additional $100,000 in operating funds. This infrastructure support will help us continue to grow and provide top-tier services to Central Kansas donors and charities for the benefit of our regional communities. We started out our campaign with an intimate gathering to private donors and then initiated an April 2019 *Grow Your Community* event.

COMMUNITY FOUNDATION ACCREDITED
Excellence. Accountability. Impact.™

Now we are seeking your support. Please consider giving based on our Corporate Giving Levels. Your contribution commitment can be given in whole or in installments from now through November 2020. We will include you on our list of corporate partners – demonstrating your business value to community, not only for a positive impact tomorrow but for years and years to come.

By investing in us, we will help elevate the visibility of your business as much as we are able to do through the benefits of the Giving Level of your choice. By joining us and being represented as a lead business in community investment and development, you will see a positive return on your investment and recognition as a business that believes in and supports the future of our community.

Please contact our office for information or to explore the best option for your corporate support level. You may also learn more about our campaign by visiting our campaign webpage at bit.ly/growingyourcommunity.

Sincerely,

Joel Gaeddert
Chairman, Board of Directors
