

**Dear Corporate Community Partner,**

Our mission: ***Building Stronger Communities Through Charitable Giving***

Individuals, families, and businesses have grown Central Kansas Community Foundation (CKCF) charitable funds over the years with a vision for building stronger communities through charitable giving.

We are deeply grateful for your support of our organization and those we serve. Your partnership is extremely important to our success in strengthening central Kansas communities. We work today to forge a path beyond the horizon that will provide direction for future generations to succeed.

***“We believe possibilities are limitless when we come together, The Sky's the Limit!” -Angie Tatro, CEO of CKCF.***

We hope you will join us in our “Sky’s the Limit 2022 Charity Auction” July. Our goal is to raise \$15,000 for our operating fund to help us continue to grow and provide top-tier services to Central Kansas donors and charities for the benefit of local communities.

CKCF hosts to 19 community affiliates in six counties, and providing back-office support which includes accounting, grant and scholarship oversight, investment management, marketing, legal services, and education and training. Our support allows each of our affiliates to offer community-based scholarships, services for children through senior citizens, as well as for those most at risk due to poverty, addiction and abuse. Community foundation efforts also support local quality of life initiatives including preservation of diverse heritage, culture and the arts.

**Would you please consider corporate support for our upcoming charity auction?** You will receive recognition for your support throughout the duration of the event based on the support level of your choice outlined on the next page. In the spirit of community growth, we hope you will invest in our Central Kansas region!

Sincerely,

Angie Tatro, CEO  
Central Kansas Community Foundation
