MATCH DAY TO BENEFIT CENTRAL KANSAS COMMUNITY FOUNDATION

(Newton, Kansas April 2023) Central Kansas Community Foundation has announced it will hold a Match Day on Saturday, April 22, 2023 to raise funds towards its mission of “*Building Stronger Communities Through Charitable Giving.*” The Match Day will raise funds for the <insert fund or funds here> that are held by the Community Foundation and serve <purpose of the funds>.

In March of this year, the Patterson Family Foundation announced it would be providing a one-to-one fundraising match to rural community foundations Match Event efforts, up to \$70,000. The intent of this generous match is to leverage local giving and propel rural community foundations in the work they do. Eligible Foundations may receive matching dollars up for events held in 2023 so that the impact of local donors' gifts can be amplified. The Patterson Family Foundation is a family-led foundation extending the legacy of Neal and Jeanne Patterson. It strives to help lift up our rural communities through health care, education, economic opportunity, and beyond

Central Kansas Community Foundation will be maximizing this opportunity through their Match Day on Saturday, April 22, 2023. Donors will have the opportunity to make their gifts online, in person or over the phone. But, only gifts received on this day will qualify for the match. For contact information and additional details can be found at www.centrankansascf.org.
