July 1, 2024

Dear Community Member,

**Would you like to leave a lasting legacy and help to improve the Halstead Community now and in the future?**

*The Halstead Community Foundation, an affiliate of the Central Kansas Community Foundation, annually awards approximately \$10,000 in grants to local non-profit organizations and projects and also awards thousands in scholarships to local students to improve and benefit the Halstead community.*

**In 2023, the Halstead Community Foundation (HCF) successfully raised over \$70,000, of which \$70,000 was matched from the Patterson Family Foundation as part of a local community fundraising matching grant program.**

*We were able to reach this goal last year through the hard work and generosity of our community, fund advisors, and donors like you and look forward to meeting it again in 2024 with your help.*

**The Patterson Family Foundation has another matching grant opportunity in 2024 for up to another \$70,000, meaning HCF for a second year can increase our funds by as much as \$140,000! For the love of Halstead, will you consider donating to the Halstead Community Foundation during our 2024 match campaign running from July 18 – August 18? Your gift during this event will be matched – increasing its impact.**

***Your gift will be matched at 50% to the fund of your choice with the rest of the matching funds being allocated evenly between the HCF Community Improvement and HCF Operating Funds for community driven improvements to Halstead and to strengthen the Halstead Community Foundation for the future.***

**To ensure your dollars go farther, your gift *must* be made or received between the dates of July 18 and August 18, 2024.**

Your contribution, no matter the size, plays an essential role in building a stronger community foundation and supporting local organizations, improvement projects, or students. Together, we can make a lasting impact on our community.

Sincerely,

Halstead Community Foundation Board of Directors
