The Women's Community Foundation has a rich history of making a positive impact! Since 2000, more than \$417,000 in grant funding has been awarded to non-profit organizations serving Harvey County.

With the creation of its endowed funds, WCF is building a sustainable means of grant making for years to come. Each endowed fund's invested principal is preserved while the investment earnings are used to support grants.

The Women's Community Impact Grant Fund designates all donated funds for grant making and operating purposes each year. Donations to this fund are combined and granted out for collective giving power. As you consider a donation, your gift in any amount is welcomed, but a donation of \$3,000 or more can fund, on average, one entire grant.

Grants are determined through an application and review process and funded at the discretion of the board each year.

Follow WCF on Facebook to learn more about non-profit programs supported by WCF grant funding.
